

WPSD Program Support Process:

Individual Student Team Process:

1. When a student is identified as a deafblind student, a DBRT member will be assigned as a consultant to the educational team.
2. The DBRT member will collect student information (e.g., student records, observations, and interviews).
3. The DBRT member will include other DBRT members to consult on student program recommendations.
4. The DBRT member will present recommendations to the IEP team with recommendations and resources.
5. The DBRT member may participate in student IEP meetings.
6. The IEP team members will provide feedback to the DBRT to evaluate its effectiveness.
7. The DBRT consultant assigned will be a non-direct service provider to the student.
